British Oi! now has also started up the Blood & Honour unit for Derby and district and really all this will entail is the distribution of B&H magazine. This costs £1 & Large SAE.

# Nordic Thunder

Well heres a band I've mentioned very briefly in previous issues of British Oi! but haven't actually interviewed. Nordic Thunder hail from the Newark area within the U.S of A and are all active members of the racial skinhead movement the ' Hammer Skinheads ' and indeed they run the Eastern unit. Well enough of my chit-chat and on with the

interview.....

1. When, why and where did Nordi Thunder form ?

We formed in the summer of 1991, where we actually live is in the Baltimore/Maryland area. The reason we formed Nordic Thunder was to voice our political and racial views.

2. Whats the current line up with ages ?

Our line up consists of Bob Huber (19) - Guitar, Ryan Huber (17) - Drums, Eric Simonson (17) - Bass Guitar, and Gary Delp (19) - Vocals.

3. Why the name Nordic Thunder ?

The reason for the name Nordic Thunder is because you tend to think of the sound of vikings raging into battle when you hear the name ' Nordic Thunder '. We did not consider any other name.

4. What topics do you sing about and which do you consider the most important ? Why is this ?

Our songs are based on things that occur in everyday society and that no one wants to recognise, such as race mixing, white traitors, the communist problem, and the money grabbing disgusting zionist filth.

Our most important topic is the corruption and evilness of the zionists in our White Society.

5. Have you played any gigs yet and could you tell us about them ?

We've played two gigs so far, the first was with some Heavy Metal bands and the second with comrades in fellow white power bands.

6. What merchandise do you currently have available ?

Currently we only have our demo ( Reviewed in British Oi! 22 ) which costs 5 dollars including P&P, but we intend on putting a LP out through Rebelles Europeans. Then we shall start to produce T-shirts, stickers etc.

7. You mention a LP, could you tell us more about this ?

Yes we plan a LP and it will be released through Rebelles Europeens but its still in the planning stage, but we should get down and record some tracks soon.

8. Could you explain to us British Skins what the ' Hammer Skins Network ' is all about ?

The Hammerskins are a Brotherhood of Skinheads who physically and mentally prepare themselves to fight the enemies of the white race. We perform many activities such as literature distribution in order to educate white people who are ignorant of the truth, and we do battle in the streets when its necessary with Red Scum and minorities.

9. What political party/movement do you belong to ?

We don't follow any one direct political movement but follow many, and indeed support any white racist organisation.

10. Are you in contact with any other fellow White Power bands ? If so have they helped you out at all ?

Basically we only have contacts with Bound For Glory ( Ed ) and ' RAHOWA '. Ed from BFG has helped us get alot of publicityand contacts, especially with European comrades.

11. What hobbies apart from the band have you got ?

Bob is into cars and alot of drag racing, Ryan enjoys reading and weightlifting, Gary doesn't really have any hobbies and Eric has no time for anything else.

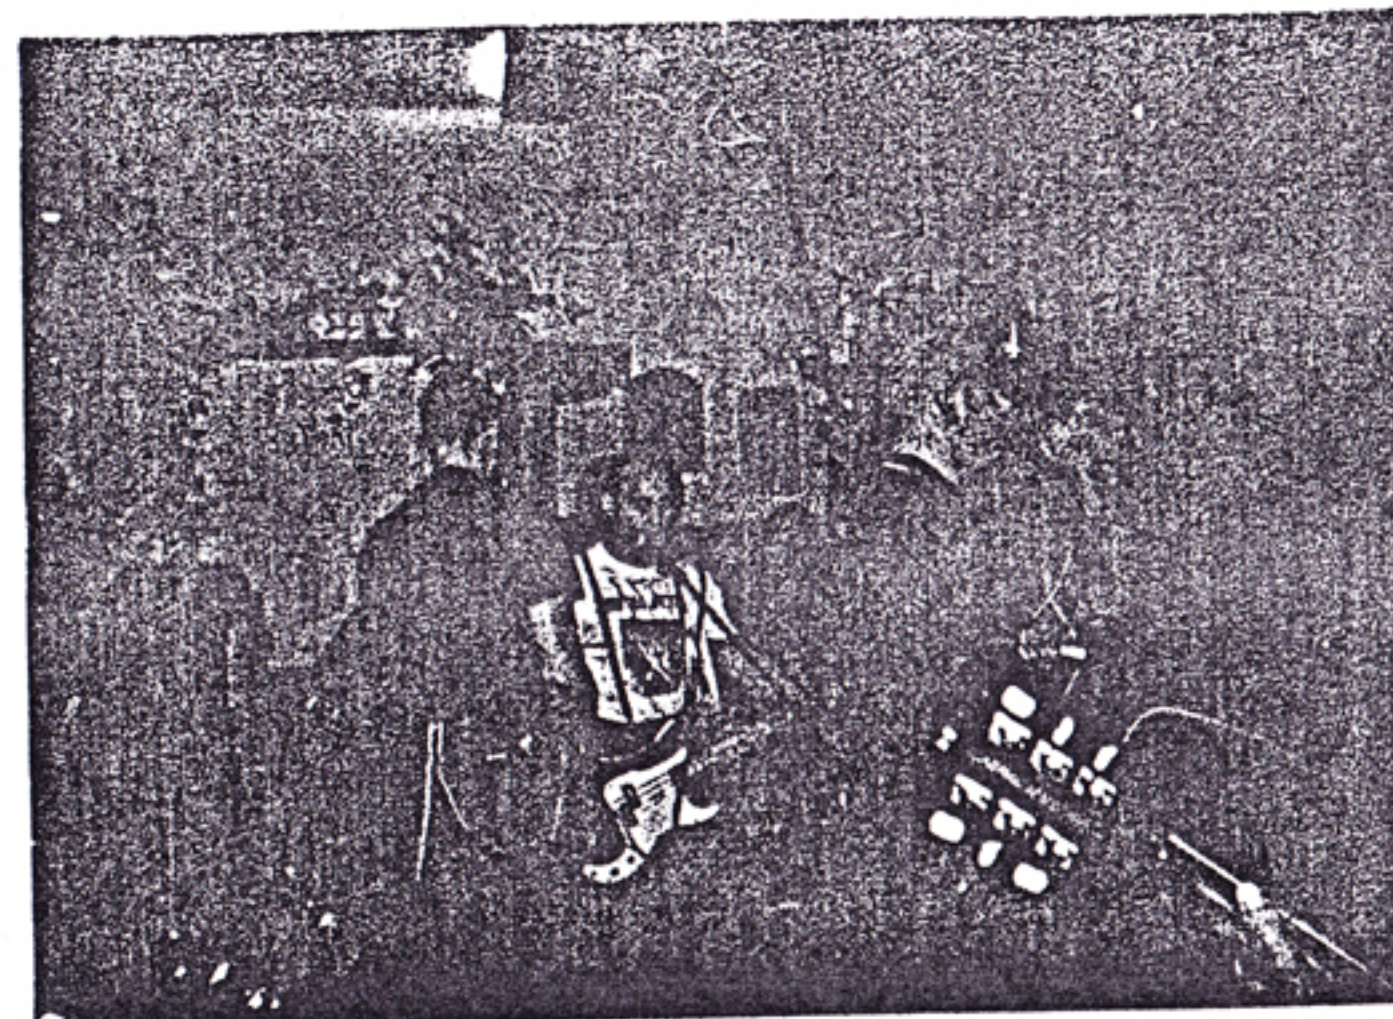

12. What do you hope to acheive with Nordic Thunder ?

With our music we hope to unite Racialist Skinheads and educate white youth, aswell as having fun at the same time.

13. Anything else to add ?

White Power !!! From all the members of ' Nordic Thunder ' and the Eastern Hammer Skinheads. Stay strong and always keep the faith " 88 ".  
Nordic Thunder, PO BOX 9441, Newark, DE 19714, USA.

Cheers to Nordic Thunderfor the interview and good luck for the future LP !!

## Werwolf

Well heres a band that I don't really know much about except they are a rising force on the German Skinhead scene, so I'll not talk on for ever, lets here what Werwolf are about.....

When, why and where did Werwolf form ?

We formed at the end of 1987 here in Sutersloh, we were fed up with sitting around and drinking and we thought we'd do something

positive.

Whats the bands current line up ? And could you tell us of any changes you've experienced ?

The line up at present is : Bodo - Vocals (24), Ferd - Drums (24), Ohv - Bass (26), Brasi - Guitar (24), and Ahli - Guitar (23).

We were originally a four piece band but in 1989 Brasi joined us, to be our second guitarist, we've had no other changes.

Why the name ' Werwolf ' ?

A friend of ours suggested it at the time of us forming, and we had no other suggestions and so it stuck.

What topics do you sing about and which do you consider the most important and why ?

We sing about our problems, Germany, drinking, fun, women and lots more. I think our best song is on our first LP and is called ' Herz aus Stahl ' which translated means ' Heart of Steel ' and this song details our views and feelings very clearly.

How is it to be in a united Germany ?

First off we think its the best thing to happen to Germany in the last decade but on thinking about it the second time round, theres many problems with unity. The reunification cost large sums of money and the likes of us the working class have had to pay for it all in the way of ultra high taxes. Eastern comrades in Germany suffer high unemployment and theres many things that also go on that aren't broadcasted around the world, and so not seen by other countries.

What German party do you support ?

We don't favour any political party, as , asof yet we haven't seen a politician that tells the truth.

Whats your views then on the likes of nationalist parties in Germany like the DVU, Reps, FAF etc ??

Skinheads should be skinheads and should not be used as tools, or told what to say by any person. We have seen over the years how skirheads have been exploited by politics.

There is one party in Britain that does care about young white people in this country, and that is the **British National Party**.

We demand that white people, who create and earn most of the wealth of this country, should have first claim in the way of government and local government grants. Britain is after all our land. Why should we be treated as second-class citizens in it?

Join us now — and help us work for the day when British people again take possession of their country — and governments put British people first in all things!

Find out more about us by writing for information. Please fill in your name and address below and send it to us, together with 30p in stamps to cover costs.

**BRITISH NATIONAL PARTY**

**BNP**

Printed & published by BNP, PO Box 117, Welling, Kent DA16 3DW

Are there many skinheads in your area and do they support Werwolf?

A few years ago we had quite a few skinheads here and some grew their hair. But we've also had new skins come on the scene. We hope all the locals support us, also we have Werwolf security and its made up of our friends and people who follow the land.

How many gigs have you done and which would you consider the best/worst?

About 9 gigs so far with bands such as German comrades Storkraft, Endstufe, Kahlkopf, Radikahl etc. Also with British bands Skrewdriver and No Remorse and Swedes Dirlwanger. I think our best gig was in a small town near Cologne in 1989.

What band merchandise have you available?

You can get our merchandise list at: K.M. Music, Postfach 2114, 4830 Sutersloh 1, Germany. We have LPs, CDs, T-Shirts, stickers and more on sale.

What record plans have you at present?

Since we recorded our second LP last year we lost our practice place and so didn't have anywhere to rehearse new material. Now we have a new practice venue, we are rehearsing new songs for a third LP.

Whats the bands basic ambitions?

Drinking, being a skinhead and having a laugh.

Any last comments?

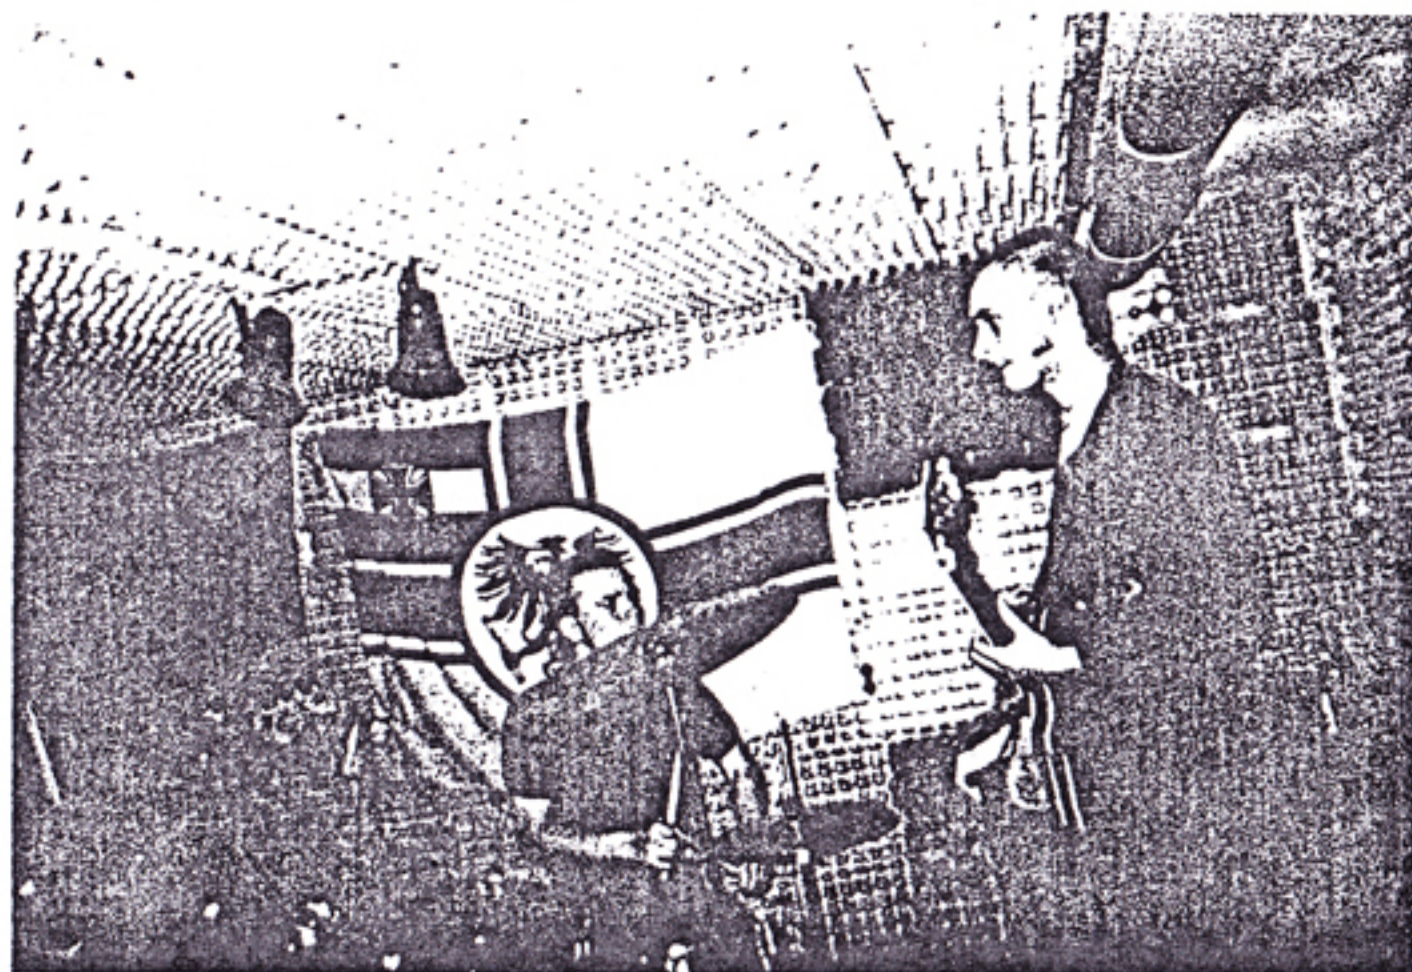

Only cheers for taking a interest in Werwolf, and it would be great to hear more from our British Skinhead comrades.

Cheers to Werwolf for completing the interview and good luck for the future. Oh by the way if anyone thinks I've been mis-spelling Werwolf, I know it should be Werewolf but thats the way the Germans spell it.

' BEWARE ' of a skinzine or so they think it is called ' Birth of a Hooligan ' which operates from a Derby PO Box, its editor, who happens to be a practicing queer living with a deaf homosexual geezer, is also sharp and a out and out multi racist! You have been warned!!

Well ' British Oi! ' have been good enough to give us some space in this issue to let you lot out there know what we've been upto lately. Not alot as I shall now explain.

Our last live performance was back on Nov.22 in Baldock,Herts and following this our problems began. On our journey home a fight broke out in a small village, Buntingford, resulting in all 4 of us in English Rose and 9 other proud whites being arrested. Ten of us were charged with 'Violent Disorder' and put on remand but we all managed to get bail and 2 defencants eventually got the charges dropped all together. Myself (Jonesy) and Spen still have to face the charge in crown court soon and if the corrupt system gets its way, prison looks inevitable. If this does happen, we're sure British Oi! will let you know of this and probably our addresses too.

Away from the court case, the band has been kept off the live scene due to the departure of our guitarist but we haven't been silenced yet. Before he departed our company we managed to record 14 songs, 4 for the Last Chance Comp.LP and 10 for our LP "Never Be Silenced" which is now being pressed by Rebelles Europeans.

We are currently writing material with a session guitarist helping us out but as of yet no recording dates have been set. We are looking for a full time guitarist to join us for gigs and recording, anyone whose interested contact us now!!

Thats all we will say for now, thanks to British Oi! for being there, and keep up the great work, cheers to everyone whose kept in touch and sorry if replies have been delayed. Anyone requiring interviews,info,news etc then please get in touch with either a SAE or IRC to English Rose, 14 Hollyhayes Rd, Whitwick, LE6 3GG, GB. A PO BOX will be coming soon aswell.

On the left, from Left to right... Jonesy - Vocals, Blakey - Drums, Spen - Bass.

# ON THE WORLD

O1 Band - Kratky Proces.

Well this issues On the World comes from the eastern country of Czechoslovakia and basically as with all the On the Worlds looks a bit below the surface of the Czech skin movement and says what its all about.

Czechoslovakia a mouthful to many is a country which has the border countries of Germany, Austria Hungary and Poland. Czech has a fairly good relationship between all these countries and skins especially are united with comrades in all these countries.

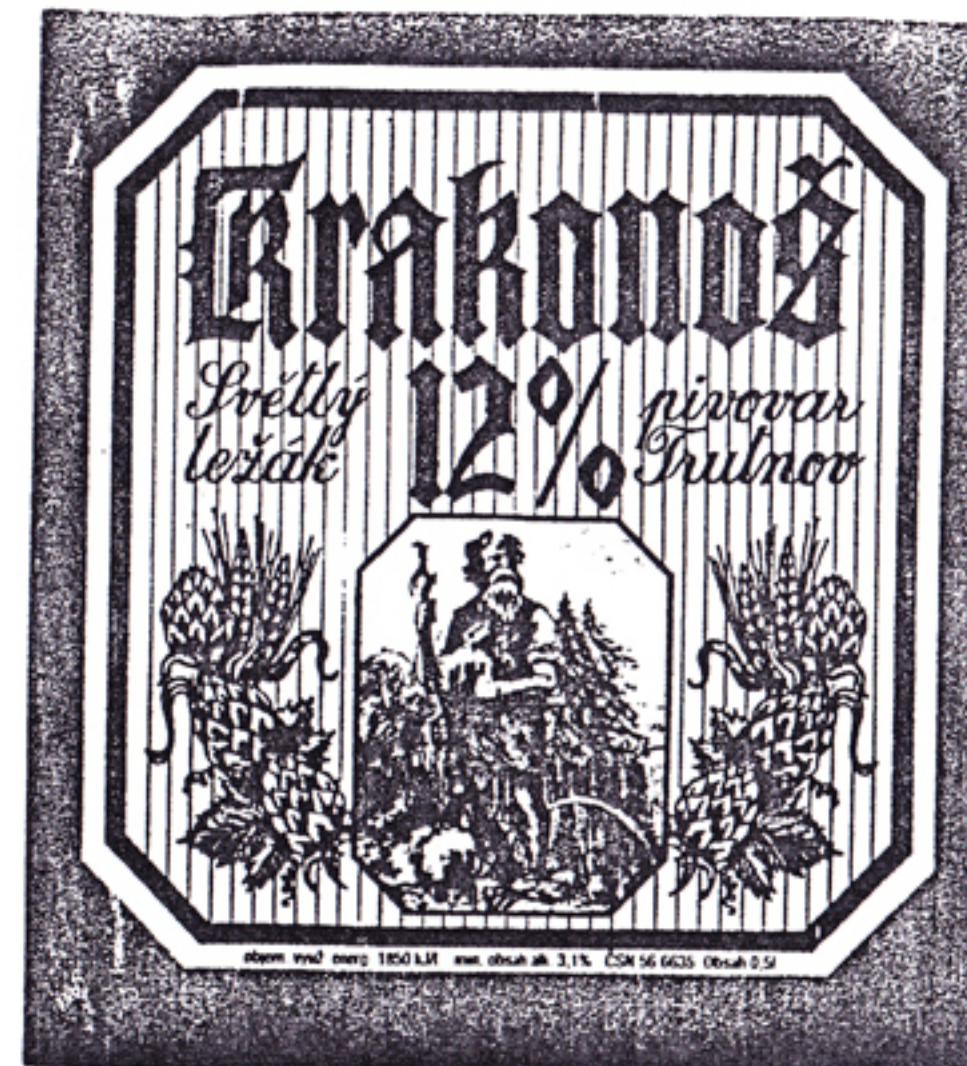

Lets look first at the country, considering Czechoslovakia ( C.S ) has just become a independant state after 40 years of communist/soviet oppression, the economy is quite wealthy and can't even be thought of as in a state of poverty like such countries as Albania, Romania etc.

Actually in C.S if your unemployed they have a fair system, if you lose your job, a claim will be made for 3 months salary from the previous job and then the dole will pay each week 60% of your old salary for upto 6 months and then it lowers a bit more, but if your unemployed you have to attend a work office.

Now the main political parties of C.S cover a wide range of politics but note, in C.S there is no nationalist party, as like the BNP etc and in fact it is in state law that if your a racial nationalist or try and preach the view of racial nationalism you will be prosecuted for the label of ' Racial Hatred ' and face a jail term of between 1-5 years in nick. Zionism is rampant in C.S. All in all theres none short of 42, yes 42 different parties in C.S, no doubt preaching liberalism and socialism! The main parties are the O.D.S which is the Czech version of the Tories, the O.H a version of the Liberal Democrats, and commie parties are still strong. Then you have such names as ' Friends of Beer Party ' and the ' Independant Erotic Iniciative '. In the area of Bohemia which I have learned alot about the Christian Democrat Party seem most popular. The people of C.S have elections coming up soon, so it should be interesting to see what happens with so many different candidates about. But as I say, to represent the White folk of C.S is against the law! Apparently, the state has taken this view from books of out and out promotion of zionism. As far as I know the only party supported but the C.S skins is the SRP-RSC party which is a republican party, its leader is Miroslav Sladek, but according to other skins, all the effort put into this, just brings no rewards!

Czechoslovakian skins believe in the state of Slovakia that was declared during World War 2 and the policies of that state. Something to up hold the banner and shout aloud ' Rights for whites '. For skins, the word dislike isn't strong enough for the hatred they feel towards the commie orientated parties like the KSCM, SDL etc and lately a few demos by angry nationalists have occured due to the fact, that gypsies have been allowed to field candidates and still the hate law against radical Czechs is still in force.

Away from the political scene now, lets have a look at what skin bands there are in C.S. Well theres a few to mention, firstly I'll outline a traitor band that exists in C.S. They're called Orlik and claim to be skins but really are pop stars on a ego trip and worked along side the hate mongers of communism before independence. Bands in C.S preacha mixture of topics, some bands are political, some aren't. Buldok seem to be popular and have a good sense of white pride ( Read there interview in British Oi! 22 ) and other well liked bands are Valasska Liga, Branik, Anti Panika and the popular Kratky Proces who are a quick tempered band, rough sound and good lyrics. Other up and coming new names on the scene are ' I.P.B, Mlada Boleslav, Ostrava, Diktator and Nachod. These bands are still quite new, so I know only a little of these.

for records is indeed very poor.

Well a topic that is vital to us all is, the burning question, what about beer ? Bohemia in C.S is called Beer Country as it contains alot of breweries and boasts a tremendous amount of quality biers. The one is mentioned above/left. The best known labels in C.S and the most widely drunk must be - Pilsner Urquel, Budvar, Gambrinus, Staropramen and the ever popular Trutnovs Krakonos Beer, Rum and Vodka are also widely consumed.

Back to the skinhead scene in C.S. Well its quite difficult to obtain a quite accurate amount of skins in C.S but skins can be seen on the streets and in the pubs of most towns and cities if not all and the good thing to point out is that C.S skinheads are nearly 100% race orientated and believe in the struggle for white unity. Subnormal hate groups of dross like the SHARP or AFA haven't a chance in C.S which must be very good to say the least, a sound youth movement is an advantage against the state oppression.

The future in Czechoslovakis over the next 5 years is looking quite interesting. Five years ago the nation was under the dark hammer of communism and the people were as you'd understand unhappy with life, and thats no lie, this was said to me by a comrade with experience of this. Under the beast the skinhead movement did exist but it never really did anything. In 1989-1990 when the doctrines of Marxism and Leninism fell, the skinhead movement increased. In 1990 the first of many large clashes with the No.1 enemy - gypsies occured, practically in every town, there was fighting on the streets. At that time, the so called new democratic government stood behind the gypsies even though they are destroying the country. Also in 1990 the traitors of Orlik appeared on state T.V to appeal for skins to stop fighting against the gypsies. The slogan - Beware of Traitors, it seems is valid always and everywhre. The next five years promise a increase in national pride and a increased population shaving there heads and becoming skins. Now at the moment there are alot of young skins, as at the moment its all the rage to be a skin and of course, the real skins have disassociated with these and clashes have occured on the scene. These problems can be overlooked and classed as experience. On the whole, looking a C.S now, and looking into the future if thats possible, it looks good!

While I was getting info for this article I was asked to point out that alot of Czechoslovakian history includes alot of Celtic pride and indeed the word for the area Bohemia is a Celtic word. Skins of C.S would like to point out, that the heritage , the ancestry runs through there veins and can only help up lift there race and bring about a whole rise in C.S nationalism. And C.S skins beleive that they will see victory! WE ALL HOPE SO!

My thanks for this article go out to Karel who without his help it wouldn't have been possible - Cheers.

# NEWS FROM THE RIGHT SIDE

Well the news from the Right side is becoming quite popular out there according to the good response I'm getting from the British Oi! readership. All the news, births, paper clippings etc are more than welcome, so keep them coming in. Well whats been happening lately.....

A rather irritating 'Trendy Lefty' glossy magazine 'The Face' recently had two articles in it which would interest nationalists. The first was a two page spread complete with photos of the covers of German skinhead LPs of the bands Storkraft, Tonstörung and Kahlkopf which tried to go under cover into the German skinhead scene and see how it all ticks. The article entitled 'Out of Tune' quotes Storkrafts lyrics translated into english and basically is a ultra knock down of German skins and there bands. For some reason it keeps on going on about guns and paramilitary groups etc, trying no doubt to get the police forces and special branch etc onto the skins backs. The article drones on about gigs and how much more attended they are being now the east and west are united. Every paragraph seems to have a little dig at skins and nationalists. Basically with all the name calling and saying everything without a red star on his beret is a nazi, this magazine is utter nonsense and should be well avoided. The second mind numbing article is undoubtedly a counter punch to the nationalist scene. The article entitled 'Tuning Up - Rave against Racism - Techno fights back' is a story of a German LP of Rave & House tracks against Racism. Its produced by no less than nine Frankfurt producers with the main organiser being a Heinz Roth? Perhaps Frankfurt nationalists know of him or should do? This magazine is so blatantly pro- this crap even quoyes these following lyrics off one of the bands as uncompromising and good - "Its against people who are stupid in the head" and follows on to say "Nazi Rednacks F\*\*k Off", it shows a large photo of some rather peculiar looking people with pony tails, dreadlocks and silly grins holding cards up that all combined say "No More Ugly Germans" and a little photo which shows the world with the slogan 'You are welcome to stay here' on it. It praises this article so much it, it makes me sick. Avoid this trash.

The white race strives on is the thought that came to my head when three comrades recently had babies brought into the world. The first a baby girl named Alaina and weighed in at 10lb 13oz is the pride and joy of Paxo and Jane from Kent, Paxo is known for his mail order service Thunor (See this article later). Alaina was born on 7.5.92. The next day, the 8th - Alice Jane was delivered and weighed in at 10lb 6oz and is the bundle of joy of Pete & Jane from Burton. On Trent and Alice Jane makes that the second for Pete & Jane and makes a sister for Shaun. The third girl born on 22.5.92 was a bouncing 8lb 3oz and was named Katherine and is the daughter of local comrades Tony & Helen, and British Oi! says congratulations to all three happy couples with their new found joy. If anymore readers have had babies lately let me know and I'll include it within these pages.

In Memorandum - Simon a skinhead from Bath was recently in touch and asked if I could print a message for him, here goes - 'For my dog, Buster the Bulldog who sadly died on April 13th '92 aged 18months of a heart attack, caused with or by a windpipe defect which he had from birth'.

A few new skinzines have been knocking about lately, firstly one done by some Geordie comrades is 'Aryan Warrior' which to USA readers has no connection with the old American Front paper of the same name, this zine covers nationalist bands, odinism and also interview with movements such as in No.2 with the SS Action of the USA. A good zine with some interesting stuff in it - £1 inc P&P, PO BOX 18, Spennymoor, Co.Durham, DL16 6PA, England. Incidentally on their little stickers it has on the bottom 'NSSH Europa' which I gather means National Socialist Skins Europe, so whether they are doing the European unit of the USA idea, I don't know.

Another new zine is Dixie Rose from Texas. No.1 is out now and contains interviews with Stormwatch, Radikahl and a article on a White Knights meeting and some other bits and bobs. Not a bad No.1. 3 Dollars inc P&P from Popeye, PO BOX 940922, Plano, TX 750094-0922, USA. The third new zine I received was a new more political concentrated zine from Rudy a comrade from Poland. Its called 'The Lightning' and exchange zines are welcome for it, or 2 dollars inc P&P, unfortunately its all in Polish but it seems well put together and basically pushes, and it pushes it strong, the views of N.S. From Rudy, Ul. Gdanska 26/8, 85-006 Bydgoszcz, Poland.

Did anyone happen to see the programme recently on BBC2 'Open Space - Fighting Talk' a programme made by the scummy Anti Fascist Action in conjunction with oh, would you believe it, that classic toilet paper - 'Searchlight'. It was a blatant smear against the expanding and ever progressing British National Party, the BNP. It was narrated by Mensi, formerley a Oi! favourite with the Angelic Upstarts, but now AFA organiser and still singer with the upstarts but who could support them now, as they are pro IRA, pro-Marxist etc. The AFA in fact in my eyes made themselves look cowardly, I mean, if you saw it you'd know, but to those who didn't, the NF got a mention and it showed 3 of the NF on a paper sale, it took nearly 30 AFA, in front of a TV crew to oppose them. It kept on preaching how evil the BNP were and for some strange reason kept showing silent pictures of Hitler. Well as per usual this programme just goes to show how biased the BBC is, I wonder if they'll let us air our opinions on TV at a peak time, some how I think not, so much for the 'Open Space' eh!! On the matter of the TV, On April the 25th Channel 4 filmed a gig in Nottinghamshire where Celtic Warrior, Squadron and Skullhead played, they interviewed also Ian Stuart and quite a few of the crowd present about a variety of things, from tattoos, to politics etc etc. Its gonna be a documentary about skins, so keep an eye out for that, and lets see, how they portray us.

The Grand Dragon of the Templar Knights of the KKK, JD Alder was recently in touch to wish British Oi! readers all the best and if anyone is interested in helping them out with activities then to get in touch with him, Box 7131, PI. ST, Lucie, FLA, 34985, USA, or Telephone (407) 878 5567.

Onto a bit of band news.....Grade 1 the Cambridgeshire band recently split..... Battlezone split up not long after their gig in Spain but I'm led to believe Alex has a new line up and shall be working on a second LP soon which Alex says will be in the same vain as the first LP, gigs by Battlezone after recording will hopefully start aswelll.....Squadron are waiting for a payment off Rock O Rama and then will set about recording there third LP 'Combat, Battle & Burn', they have been playing some of the new material on the gig circuit and by the sounds of it, the third LP should be a blinder....Moral Outrage the up and coming US band have changedthere name to Stormwatch.....USA bands Bound For Glory and Final Solution recently went down well at a big gig in Germany and I think Bound For Glory plan to go back soon.....Skullhead have been busy lately, after playing gigs literally every weekend around Britain they've also played a gig in Italy and also recently a gig in Germany with No Remorse amongst others.....After the Violent Storm tradgedy, Billy has reformed a band playing mostly V.S numbers but under a new name for obvious reasons, they now called Celtic Warrior.

Thunor Services were recently in touch to say they are still knocking about and plan a third catalogue to be out soon and have some great new t-shirt designs, some new world war 2 posters, and are expanding into selling CDs from Link, not all the garbage Link are selling now but the good CDs they've released like the 4 skins, Section 5, Some Sham etc etc, why not write and see what they've got to offer write with a SAE to Thunor Services, BM Box 46, London, WC1N 3XX, England.

Well that just about closes this issues 'News from the Right Side', and don't forget, if you have any news, anything of interest to nationalists or births, messages etc, don't hesitate, send it all in, as without, your help, the N.F.T.R.S wouldn't be possible.

# SKREWDRIVER NEWS

Since Skrewdriver News has been introduced into British Oi! it has proved increasingly popular with readers and of course fans of Skrewdriver as it keeps you upto date on the hectic goings on of the No.1 nationalist band. Well I'll leave it up to Ian to fill you in with whats been happening lately.....

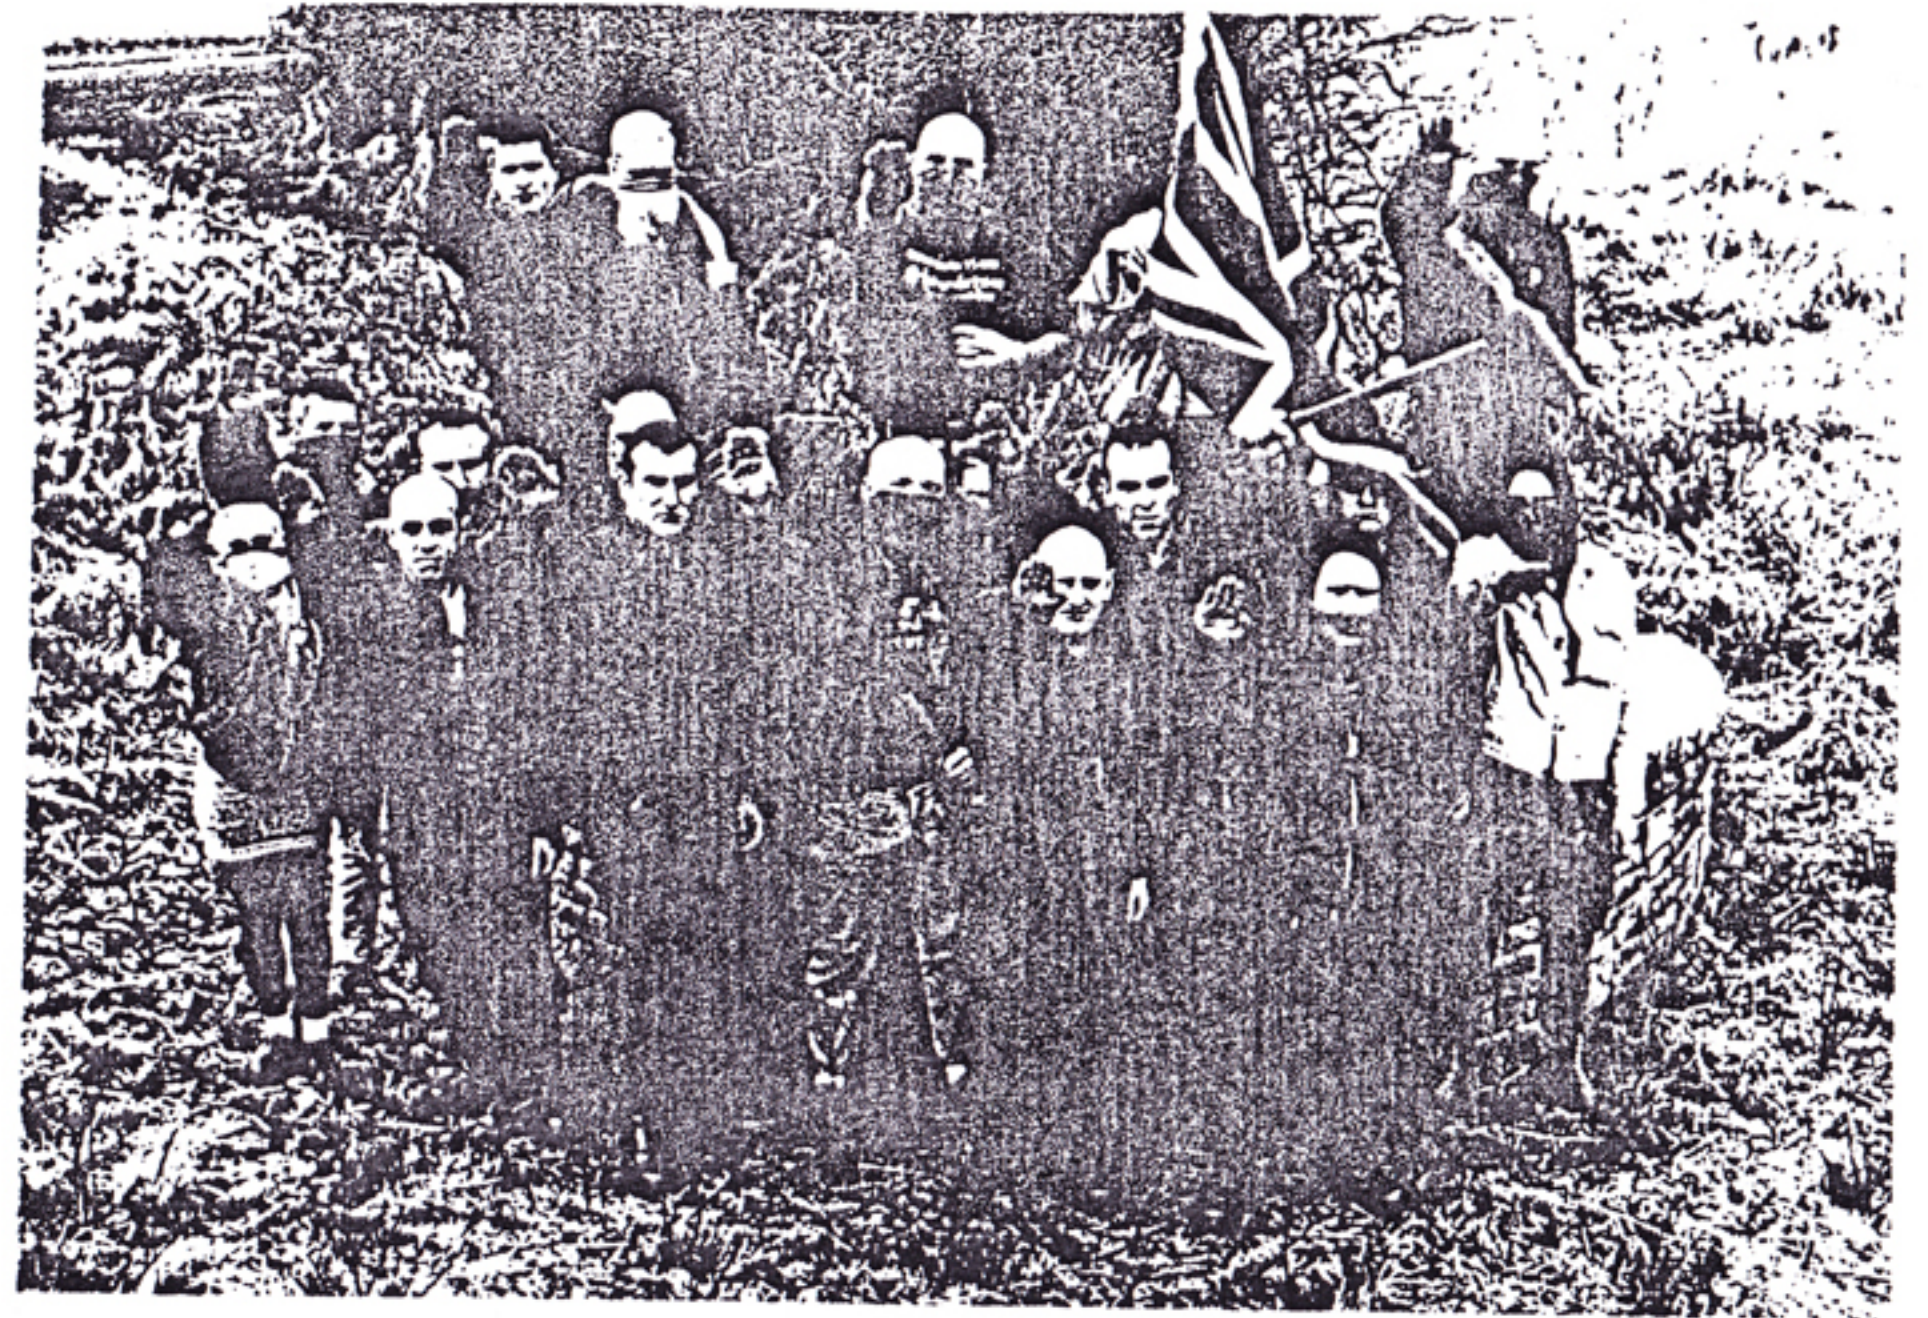

Members of Skrewdriver have been quite busy lately, helping out and being involved in several other projects.

Johnny B. and Jon Hickson have both been helping out No Remorse who haven't managed to get a permanent drummer or bass player as of yet. Stigger at this very moment is in the recording studio, recording his first solo LP, although stigger doesn't sing. The LP already over half done is said to be a mixture of cover versions and new songs by bands as varied as Black Sabbath, Jon Bon Jovi and songs by myself. This LP as of yet untitled, promises to contain some fine guitar work.

I have recently been in Germany on two occasions, as a guest of German Nationalist band 'Storkraft'. I played two concerts in both North and South Germany and played a rousing set of twelve Skrewdriver numbers which the excellent Storkraft provided strong musical backing for. More concerts featuring Storkraft and I are being planned for the future, also a interesting joint LP of Skrewdriver and Storkraft is now being arranged.

Skrewdriver are now rehearsing for several British concerts beginning in late July come early August. A couple of European gigs are also planned, so keep your ears to the ground for more details as they all come off. At all of these concerts, as with the last so many gigs, Skrewdriver will be playing a strong set of new and old material to keep all present happy from songs such as 'Voice of Britain' through to most recent compositions such as 'Oh No Here comes a Commie' off the new LP 'Freedom What F\*\*\*\*\* Freedom'. The gig set will have about thirty songs all in all.

Myself and some fellow Blood & Honour officials will be visiting several parts

of Europe soon to cement work already done and spread the influence of the work done by Nationalist music across this great European continent.

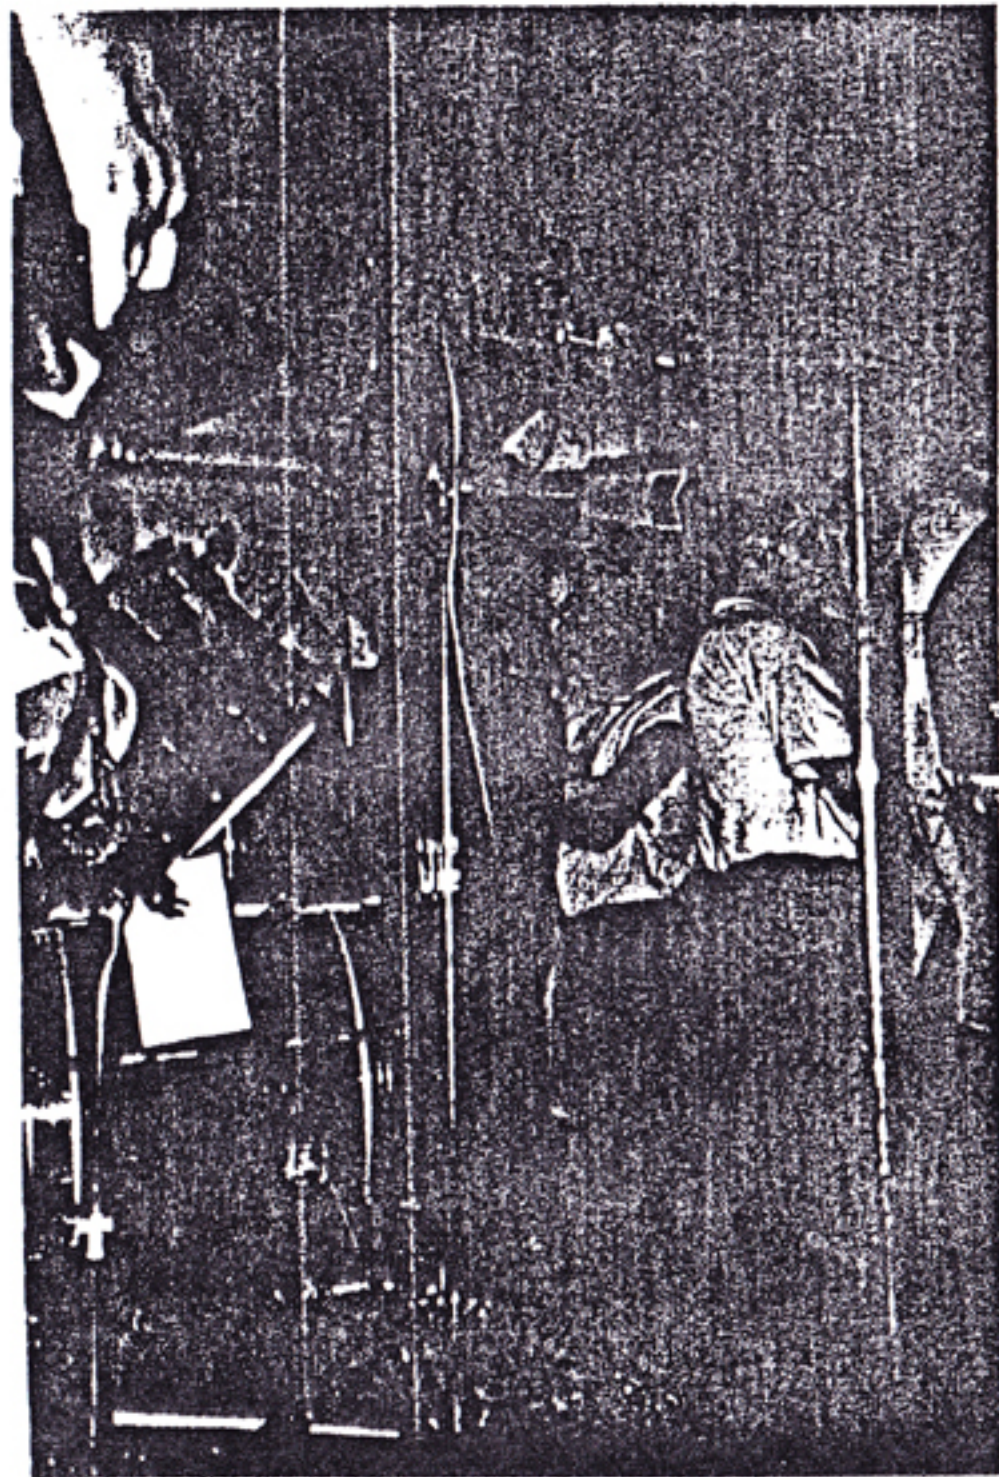

On the Skrewdriver Services from all seems to be running well with new t-shirt designs etc out quite often. The court case against Roy & Kev who used to run Skrewdriver Services has been sent to crown court now. The high powers that be are trying to make six LPs, none of which are Skrewdriver, against the law to even have in your own home. Next they'll be trying to pass a law against short hair ???

Lastly for this news bulletin, I would just like to thank all German comrades involved in the organisation of gigs, especially Alex, Jorg, & Storkraft, Steffan & Noie Werte, Petra, Doug (M.F.) Dobalina, Janette, Nicole, Melanie and Wolf.

The two photos on the left are from the German gigs, and the one above is of the Blood & Honour Strikeforce.

Europe Awake,  
Ian Stuart.

Well don't you go and forget, Skrewdriver News appears in every issue of British Oi! and gives you all the news, goings on and stories of what the No.1 nationalist band have been upto, don't miss your copy of British Oi!, take out a subscription NOW - details elsewhere.

# Blood & Honour £1

BLOOD AND HONOUR the only music paper 100% for white people.

# CAUSE OF HONOUR

Well heres a band I've heard  
of through a few other zines  
but never really found out  
that much about them as a band  
etc. So I got in touch with  
them and heres the end result,  
on with the Cause of Honour  
interview.....

1. When, why and where did you form ' Cause of Honour ' ?

Cause of Honour formed back in December of 1990 in Catithea ( a area of  
Athens, Greece ) because at that time a new skinhead scene was emerging in  
Athens, and all these young skins needed a new band by young skins to show that  
skins in Athens were alive and kicking.

2. Whats the current line up with ages ?

Its - Jimmy, Vocals, 20 - Stefanos, Bass, 19 - Kostas, Guitar, 21 -  
and Tasos, Drums, 19.

3. Why did you choose the name ' Cause of Honour ' ?

The name was actually a idea from kostas, as in a conversation before the band  
was thought up, he said, honour was something that people don't count anymore  
in this day, but in the past honour was the driving force and reason for the  
Greek people back in 1821 to start a revolution against the Turks, and make this  
land free from F\*\*k\*\*g muslims. So the Cause of Honour in our view is always  
the first and foremost reason for a skin to fight for his beliefs.

4. How would you describe your style of music ?

I would describe our music as a mixture of Oi! and hardcore because of our  
different musical tastes. Me ( Jimmy ) and Kostas are into Oi! but Tasos and  
Stefanos are more into American hardcore. This could be a problem as its so  
different but we've managed to play together for 1½ years now.

5. What topics do you sing about ?

Our songs are about the strife of being a skinhead and about our corrupt Greek  
politics and politicians, who want to sell our land out to large multinationals.  
In the songs about this, we also include the solution to this corruptness with  
strong support for nationalism. We don't just sing about problems though, we also  
have a song about wine and our ancient god Dionisos who was the god of wine in  
ancient Greece and our song says " Keep the faith to Dionisos and start drinking  
wine if you want to pray to him ". We also have a song about Alexander the Great  
who was the leader of the Macedonian Greeks 2000 years ago and is a answer to all  
these fake Macedonian Slavians who want to steal our history.

6. How is the Greek skinhead scene and do all the Greek skins support you ?

The greek skinhead scene has over the years been at different lavel's, it  
started back in 1932 and from then on until modern day, people have appeared and  
disappeared from the scene. Right now there is a new skinhead scene around Athens  
with new bands and a more strong support for extreme politics than previously in.

Above : George from Athens.

the past. About 80% of Athens skins belong to the N.S party ' Gold Dawn ' and the rest are nationalists or simply just patriots. Since we started most Athens skins have become close to us perhaps in some cases to close, as big fights have occurred after gigs and so now its hard to get a venue.

7. Have you any recording plans ?

Yes, we plan to record a single, we already have a demo but its a bad quality recording, but at the moment we have a few problems as Tasos is in the Army in Sauos, and I've joined the army to become a officer for 5 years, so as you can imagine, to get to practice is at the moment quite hard. But we've decided to keep the band going and to play every time we get together. Another problem is the bad reputation of the band and I suppose to all skin bands that record companies are frightened off due to our politics and our fights at concerts etc.

8. Are there any other Greek bands, if so, could you tell us about them ?

At this time of writing there are only two other skinhead bands in Athens, ones called ' Southrise ' with Greek lyrics and the other is a N.S band called ' Storm bringer '. Theres another band in Thessaloniki called ' Warriors Pride '. Oh, theres a Ska band in Athens too, they're called ' The Traces '.

9. Are ' Cause of Honour ' a political band ?

Cause of Honour is a political band because politics are the main reason for all our problems in Greece, so if we want to face these problems, we have to be into politics and our politics are nationalistic without rejecting some of the ideas of National Socialism. Kostas has been a member of 'EPEN' a nationalist party for sometime and Me and Stefanos are supporters and into the N.S party ' Gold Dawn '.

10. Do members of the band have any hobbies ?

As for me I enjoy to make model plastic miniatures of the German Panzer Divisions and Kostas enjoys to play pool with me ( but hes better than me !! ), Tasos is learning Kickboxing and stefanos, well he just plays Bass guitar.

11. What ambitions within the band have you got ?

Our only ambition at the moment is to get together as regular as we can, from our current army life, and to practice some new songs I've written.

12. Have you anything else to add ?

First off I'd like to say a big cheers to everyone who has written to us over the past year, especially to Last Chance and Pure Impact zines, and of course cheers to you Chris. Finally if you do write to us, it might take a while to write back due to our Army duties. Our contact address is : George Veduras, M.Botsari 14 Dafni 17234, Athens, Greece.

Well cheers to Jimmy of Cause of Honour for doing the interview and British Oi! wishes you all the best for the future. Also a big thank you to George for helping me out.
